Dear NAM Member:

America's economic strength relies on a dynamic and vibrant manufacturing base.

Our country greatly needs more elected officials who understand manufacturing's central role in our nation's economy and our quality of life. By voting for laws that boost U.S. competitiveness, members of Congress can make a real and lasting difference, not only to your bottom line but also in your ability to expand your business and create new jobs.

Inside this comprehensive voting record you can see how every member of Congress has voted on issues that affect the manufacturing economy, comprised of more than 14 million American manufacturing workers, their families, their communities and your companies. Not every major policy issue of interest to manufacturers is captured here, but the voting scores, especially when averaged over several years, accurately reflect a legislator's views toward pro-growth, pro-business policies.

For legislators who attain a 70 percent or higher rating on the NAM's Key Manufacturing Votes, we bestow the coveted *NAM Award for Manufacturing Legislative Excellence*. A description of the NAM's key vote process and NAM Award program is featured on the inside back cover.

As the 2008 elections approach, we hope that you will carefully review this information and use it to assist your employees in understanding the impact that lawmakers' votes have on your business and their jobs. Informed and engaged employees vote in more elections, and they value employers as a key source of information on issues and candidates.

Providing this information to your employees will enable them to make better informed decisions on election day. The NAM is anxious to assist you in this effort. Visit [www.nam.org/gotv](http://www.nam.org/gotv) for more information. There you will find issue summaries and the results to the most extensive candidate questionnaire we have ever requested.

Please join us in the fight to ensure that America's robust manufacturing economy continues to fuel economic growth, jobs and our quality of life. Let's begin by electing the candidates who will work with us, not against us.

Thank you,

# House Votes

110th Congress

**1) Medicare Prescription Drug Price Negotiations.** Vote on H.R. 4, legislation that would require the government to negotiate drug prices with pharmaceutical manufacturers on behalf of Medicare beneficiaries. Approved 255-170 on Jan. 12, 2007 (Roll No. 23). The NAM opposed the bill's one-size-fits-all solution, which could result in higher prices, fewer available drugs for retirees and less funding for R&D of new, life-saving drugs. **NAM POSITION: No.**

**2) Eliminating Secret Ballot Elections in the Workplace.** Vote on H.R. 800, the so-called "Employee Free Choice Act." Approved 241-185 on March 1, 2007 (Roll No. 118). The NAM opposed the bill, which would strip away the right of American workers to vote via federally supervised, secret ballot elections when deciding to unionize. **NAM POSITION: No.**

**3) Expanding U.S. Energy Supplies.** Vote on a Peterson (R-PA) amendment to the FY08 Interior spending bill that would have lifted the federal moratoria on natural gas preleasing, leasing and related activities beyond 25 miles from U.S. coastlines. Rejected 233-196 on June 26, 2007 (Roll No. 552). The NAM supported the amendment, noting that many of our nation's energy supply needs could be addressed with environmentally safe exploration of the Outer Continental Shelf. **NAM POSITION: Yes.**

**4) Increasing Discrimination Claims Against Employers.** Vote on H.R. 2831, the Ledbetter Fair Pay Act, which seeks to reverse the Supreme Court's 2007 *Ledbetter* decision and to overhaul major civil rights laws by effectively eliminating the time limits for filing discrimination claims against employers. Approved 225-199 on July 31, 2007 (Roll No. 768). The NAM opposed the bill, which would significantly broaden employers' exposure to pay discrimination claims under civil rights laws. **NAM POSITION: No.**

**5) Addressing the Skills Gap.** Vote on the Conference Report to H.R. 2272, the America COMPETES Act, which would authorize increased funding for education in science, technology, engineering and mathematics. Approved 367-57 on August 2, 2007 (Roll No. 802). Signed into law (P.L. 110-69) on Aug. 9, 2007. The NAM supported the bill, which has the potential to significantly increase the availability of highly skilled employees. **NAM POSITION: Yes.**

**6) Opposing Unsafe Drug Importation.** Vote on a Kingston (R-GA) amendment to the FY08 Agriculture spending bill that would have removed objectionable language allowing for drug importation. Amendment rejected 283-146 on August 2, 2007 (Roll No. 806). The NAM supported the amendment and opposes the importation of potentially unsafe prescription drugs. **NAM POSITION: Yes.**

**7) Rolling Back Energy Improvements, Breaching Energy Contracts and Imposing Federal Electricity Mandates.** Vote on H.R. 3221, legislation that would have: reversed key improvements in domestic energy development contained in the Energy Policy Act of 2005; breached legitimate energy contracts between companies and the U.S. government; doubled the time it takes to get approval for offshore energy projects; and imposed a federal renewable electricity mandate. Approved 241-172 on August 4, 2007 (Roll No. 832). The NAM opposed the bill, which would have led to higher energy costs and fewer energy supplies. **NAM POSITION: No.**

**8) Increasing the Cost of Raw Materials.** Vote on hardrock mining bill H.R. 2262, legislation that would impose new taxes on the mining industry, including an 8 percent royalty on new mining and a retroactive 4 percent royalty on existing mining operations. Approved 244-166 on Nov. 1, 2007 (Roll No. 1033). The NAM opposed the bill, which would increase the cost of raw materials for U.S. manufacturers, make U.S. products less competitive in global markets and adversely affect thousands of high-paying manufacturing jobs. **NAM POSITION: No.**

**9) U.S.-Peru Trade Promotion Agreement.** Vote on legislation implementing the U.S.-Peru Trade Promotion Agreement. Approved 285-132 on Nov. 8, 2007 (Roll No. 1060). Signed into law (P.L. 110-138) on Dec. 14, 2007. The NAM supported the Agreement, which would eliminate nearly all of Peru's tariffs on U.S. goods, increase protection of American investments, strengthen U.S. intellectual property rights and reduce non-tariff and regulatory barriers in Peru. **NAM POSITION: Yes.**

**10) Energy Taxes, Renewable Tax Credits and Electricity Mandates.** Vote on H.R. 6, the Energy Independence and Security Act. The legislation included renewal of NAM-supported energy efficiency and renewable energy tax credits but also would have imposed an unworkable federal renewable electricity mandate and levied billions of dollars of taxes on the domestic oil and gas industry. Approved 235-181 on Dec. 6, 2007 (Roll No. 1140). The NAM opposed the bill, which would have resulted in higher energy costs for most manufacturers. **NAM POSITION: No.**

**11) Energy Taxes and Renewable Tax Credits.** Vote on final passage of H.R. 5351, the Renewable Energy and Energy Conservation Tax Act of 2008. The bill included renewal of NAM-supported energy efficiency and renewable energy tax credits slated to expire at the end of 2008 but also included language that would have imposed billions of dollars of taxes on the domestic oil and gas industry. Approved 236-182 on Feb. 27, 2008 (Roll No. 84). The NAM opposed the bill, which would discourage new oil and gas investments in the United States and likely result in higher energy costs for U.S. manufacturers. **NAM POSITION: No.**

**12) Mental Health Parity Mandates.** Vote on H.R. 1424, legislation that would, among other things, mandate that all employer health plans cover all mental illnesses and many other conditions. Approved 268-148 on March 5, 2007 (Roll No. 101). The NAM supports efforts to provide expanded mental health coverage to employees but opposed H.R. 1424, which would have significantly increased health coverage costs and restricted companies' ability to select benefits that match their workforce needs. **NAM POSITION: No.**

**13) Delaying Vote on U.S.-Colombia Trade Agreement.** Vote on H.Res. 1102, a resolution removing the U.S.-Colombia Trade Promotion Agreement from expedited "fast track" floor consideration as required under U.S. trade law. Approved 224-195 on April 10, 2008 (Roll No. 181). The NAM opposed the resolution, arguing that removing the 90-day timetable for action would prevent timely and fair consideration of the Agreement and could undermine the ability of the United States to enter or complete future trade agreements. **NAM POSITION: No.**

**14) Taxing Small Businesses, S-Corps and Individuals.** Vote on an amendment to the supplemental spending bill, H.R. 2642, which would have paid for expanded veterans' education benefits by levying additional taxes on individuals with incomes over \$500,000—including many S-Corporations. Approved 256-166 on May 15, 2008 (Roll No. 330). The NAM opposed the amendment, noting that expanded veterans' benefits should not be paid for by the small businesses most responsible for creating jobs and growing the economy. **NAM POSITION: No.**

**15) Discriminating Against Foreign-Owned Companies.** Vote on H.R. 6275, legislation that would force foreign-owned companies and oil/gas producers to pay for Alternative Minimum Tax relief for individuals. Approved 233-189 on June 25, 2008 (Roll No. 455). The NAM opposed revenue raisers in the bill that would levy discriminatory taxes on foreign-owned companies in the U.S. and on major oil and gas companies. **NAM POSITION: No.**

**16) Funding for Highway Infrastructure Projects.** Vote on H.R. 6532, legislation that would shift \$8 billion from the General Treasury to the Highway Trust Fund (HTF). Approved 387-37 on July 23, 2008 (Roll No. 518). The NAM supported the bill, noting that unless the HTF is adequately funded, critical infrastructure upgrades will be delayed and manufacturers will be adversely affected in terms of shipping delays, costs and competitiveness. **NAM POSITION: Yes.**

**17) Eliminating Caps on Punitive Damages/Paycheck Fairness.** Vote on H.R. 1338, the so-called "Paycheck Fairness Act," which would: expose employers to unlimited damage awards and encourage more class action litigation against employers. Approved 247-178 on July 31, 2008 (Roll No. 556). The NAM opposed the bill, noting that factors such as work location and experience play a key role in compensation, and the government's intervention would result in a confused set of constantly changing standards and prolonged litigation over employer compensation practices. **NAM POSITION: No.**

**18) Energy Taxes, Electricity Mandates and Inadequate Energy Development.** Vote on H.R. 6899, the Comprehensive American Energy Security and Consumer Protection Act. Approved 236-189 on Sept. 16, 2008 (Roll No. 599). The NAM opposed the bill, which included billions of dollars in higher taxes on energy companies, a mandatory renewable portfolio standard and energy development language that contained insufficient incentives for coastal states to sanction drilling off their shores. **NAM POSITION: No.**

**19) Combating Counterfeiting.** Vote on S. 3325, the Prioritizing Resources and Organization for Intellectual Property (PRO-IP) Act. The bill would improve the coordination of federal government resources aimed at combating domestic and international counterfeiting. Approved 381-41 on Sept. 28, 2008 (Roll No. 664). Signed into law on Oct. 13, 2008. The NAM supported the bill, noting that intellectual property (IP) theft is responsible for more than \$250 billion a year in lost sales and the loss of a significant number of high-paying manufacturing jobs. **NAM POSITION: Yes.**

**20) Emergency Economic Stabilization Act (EESA).** Vote on the Senate-passed version of the EESA. Approved 263-171 on Oct. 3, 2008 (Roll No. 681). Signed into law (P.L. 110-343) on Oct. 3, 2008. The NAM supported the legislation, which included reforms and financial assistance aimed at bringing stability to and restored confidence in the U.S. financial system. It also contained key NAM-supported tax provisions, including a two-year seamless extension of the R&D credit; an extension of deferral of U.S. tax on active business global financing income; an extension of look-through rules; and extensions of incentives promoting energy efficiency and the development of renewable and alternative energy sources. **NAM POSITION: Yes.**

\* Elected Dec. 11, 2007 to replace Rep. Jo Ann Davis, who died in office on Oct. 6, 2007.

# Senate Votes

110th Congress

**1) Opposing Counterproductive Port Security Mandates.** Vote on a motion to table or defeat a Schumer (D-NY) amendment to a homeland security bill, S. 4, that would have required 100 percent scanning of all inbound sea containers. Tabling motion was approved, and the amendment rejected, 58-38 on March 1, 2007 (Roll No. 56). The NAM supported the tabling motion and opposed the amendment, which was not feasible given the current technology, and would have caused massive delays and disruptions in the global supply chain, ultimately costing American jobs. **NAM POSITION: Yes.**

**2) Medicare Prescription Drug Price Negotiations.** Vote on a procedural motion to debate S. 3, legislation that would allow the government to negotiate drug prices with pharmaceutical manufacturers on behalf of Medicare beneficiaries. Vote was 55-42, five votes shy of the 60 required under Senate rules to debate the bill, on April 18, 2007 (Roll 132). The NAM opposed the motion and the legislation, noting that its one-size-fits-all government solution could result in higher prices, fewer available drugs for retirees and less funding for R&D of new, life-saving drugs. **NAM POSITION: No.**

**3) Energy Taxes.** Vote on a procedural motion to limit debate and consider a \$32 billion energy tax package that would have renewed NAM-supported energy tax credits but also would have imposed more than \$30 billion of taxes on the U.S. oil and gas industry. Vote was 57-36, three votes shy of the 60 required under Senate rules to debate the bill, on June 21, 2007 (Roll No. 223). The NAM opposed the motion and the tax package, noting that it would discourage new oil and gas investments in the United States and result in higher energy costs for manufacturers. **NAM POSITION: No.**

**4) Eliminating Secret Ballot Elections in the Workplace.** Vote on a procedural motion to debate H.R. 800, the so-called "Employee Free Choice Act." Vote was 51-48, nine votes short of the 60 votes required under Senate rules, on June 26, 2007 (Roll No. 227). The NAM vigorously opposed the procedural motion and the bill, which would strip away the right of American workers to vote via federally supervised, secret ballot elections when deciding whether to unionize. **NAM POSITION: No.**

**5) U.S.-Peru Trade Promotion Agreement.** Vote on legislation implementing the U.S.-Peru Trade Promotion Agreement. The Agreement was approved 77-18 on Dec. 4, 2007 (Roll No. 413) and signed into law (P.L. 110-138) on Dec. 14, 2007. The NAM supported the Agreement, which would eliminate nearly all of Peru's tariffs on U.S. goods, increase protection of American investments, strengthen U.S. intellectual property rights and reduce non-tariff and regulatory barriers in Peru. **NAM POSITION: Yes.**

**6) Energy Taxes, Electricity Mandates and Renewable Energy Tax Credits.** Vote on a procedural motion to limit debate and move to final passage of energy bill H.R. 6. While the legislation included renewal of NAM-supported energy efficiency language and renewable energy tax credits, it also would have created a federal renewable electricity mandate and levied billions of dollars of taxes on the domestic oil and gas industry. Vote was 53-42, seven votes shy of the 60 needed to debate the bill, on Dec. 7, 2007 (Roll No. 416). The NAM opposed the motion and the underlying bill, which would have resulted in higher energy costs for most manufacturers. **NAM POSITION: No.**

**7) Renewing Energy Tax Credits Without Tax Increases.** Vote on the Ensign (R-NV)/Cantwell (D-WA) clean energy tax amendment, which would extend incentives for clean and renewable energy set to expire at the end of 2008 without burdensome tax increases on U.S. energy producers. Approved 88-8 on April 10, 2008 (Roll No. 95). The NAM supported the amendment, noting that the package of tax incentives represents an important step in securing our nation's energy security. **NAM POSITION: Yes.**

**8) Increasing Discrimination Claims Against Employers.** Vote on a procedural motion to limit debate on H.R. 2831, the Ledbetter Fair Pay Act. Vote was 56-42, four shy of the 60 votes required under Senate rules to limit debate, on April 23, 2008 (Roll No. 110). The NAM opposed the procedural motion and the underlying bill, which would significantly expand employers' exposure to pay discrimination claims under civil rights laws. **NAM POSITION: No.**

**9) Expanding U.S. Energy Supplies.** Vote on the McConnell (R-KY) energy amendment to flood insurance bill S. 2284. Rejected 56-42 on May 13, 2008 (Roll No. 123). The NAM supported the amendment, which would have begun to address U.S. energy supply needs by permitting environmentally safe energy development in the Outer Continental Shelf and the Arctic National Wildlife Refuge, encouraging increased refinery capacity as well as commercial leasing of oil shale on federal lands. **NAM POSITION: Yes.**

**10) Climate Change Mandates.** Vote on a procedural motion to debate the Boxer (D-CA) Substitute to S. 3036, the Lieberman-Warner Climate Security Act. Vote was 48-36, 12 shy of the 60 required under Senate rules to debate the bill, on June 6, 2008 (Roll No. 145). The NAM opposed the procedural motion and the underlying bill, which would have mandated severe reductions in carbon emissions, resulting in millions of U.S. job losses, reductions in GDP and household income for most Americans and higher energy prices. **NAM POSITION: No.**

**11) Windfall Profits Tax and Price Controls.** Vote on a procedural motion to debate S. 3044, the “Consumer First Energy Act.” Vote was 51-43, nine shy of the 60 required under Senate rules to debate the bill, on June 10, 2008 (Roll No. 146). The NAM opposed the procedural motion and the underlying bill, which included: a windfall profits tax; additional taxes on the domestic oil/gas industry; price controls/gouging language that would interfere with normal market forces; and ill-advised changes to U.S. antitrust law. **NAM POSITION: No.**

**12) New and Permanent Tax Increases.** Vote on a Conrad (D-ND) amendment that sought to provide temporary relief to Americans subject to the individual Alternative Minimum Tax (AMT) and to victims of the Incentive Stock Option/AMT crisis. Vote was 53-42, seven votes short of the 60 required under Senate rules, on Sept. 23, 2008 (Roll No. 203). The NAM opposed the amendment, which would have called for significant new and permanent taxes on the business community, including an excise tax on energy companies drilling off the U.S. coast, burdensome “economic substance” language and a six-year delay of a key interest expense provision. **NAM POSITION: No.**

**13) Emergency Economic Stabilization Act.** Vote on the Dodd (D-CT) substitute amendment to H.R. 1424. Approved 74-25 on Oct. 1, 2008 (Roll No. 212). Signed into law (P.L. 110-343) on Oct. 3, 2008. The NAM supported the amendment, which included reforms and financial assistance aimed at bringing stability to and restored confidence in the U.S. financial system. The substitute also contained key NAM-supported tax provisions, including a two-year seamless extension of the R&D credit; an extension of deferral of U.S. tax on active business global financing income; an extension of look-through rules; and extensions of incentives promoting energy efficiency and the development of renewable and alternative energy sources. **NAM POSITION: Yes.**

## Make the Difference...Vote!

Each and every election, at least one hundred million Americans don't vote. With the help of the tools on the National Association of Manufacturers (NAM) Get-Out-the-Vote Web site at [www.nam.org/gotv](http://www.nam.org/gotv), you have a golden opportunity to empower your employees to vote on election day. With a few clicks on the NAM GOTV Web site you will have access to following information:

- Responses to the NAM's Candidate Questionnaire;
- Charts showing registration requirements and deadlines for every state, including absentee ballot information;
- EZ Vote Buttons that can be added to your company's website so your employees can easily register to vote, find their polling place or vote early;
- Suggestions for publicizing your voter education program and for customizing your effort to meet a company's particular budget and needs;
- The 'dos and don'ts' of election law.

For more information on starting your Get-Out-the-Vote Campaign visit [www.nam.org/gotv](http://www.nam.org/gotv) or call (202) 637-3114.

# The NAM Award for Manufacturing Legislative Excellence

The NAM formally recognizes members of Congress who consistently supported the manufacturing community during the 110th Congress (2007–2008). U.S. senators and representatives maintaining a 70 percent or better voting record on designated Key Manufacturing Votes are winners of the *NAM Award for Manufacturing Legislative Excellence*. Legislators who maintained a perfect voting record are members of the NAM's 100 Percent Club.

Each vote was selected by executives from small, medium and large manufacturing firms serving on the NAM's Key Vote Advisory Committee (KVAC). Working in close coordination with NAM staff, the KVAC used the following guidelines in selecting votes:

- *Votes must be on issues on which the NAM took clear positions and either:*
  - a) expressed this position in communications to Congress prior to the vote; or b) communicated its position to Congress with regularity in the recent past.

- *Votes must be recorded floor votes.* Voice votes, committee/subcommittee votes and conference committee votes will not be considered.
- *Votes should be substantive.* Procedural votes should be used only in cases where they were a true measure of support or opposition to the bill.
- *Votes may be on final passage or on key amendments.*

**The NAM Award for Manufacturing Legislative Excellence is a replica of the bronze Statue of Freedom, which guards our democratic form of government from her place atop the dome of the U.S. Capitol in Washington, D.C.**

The NAM is non-partisan, does not have a political action committee and does not endorse candidates. But we are aggressively seeking to influence the terms of public-policy debates, to reward members of Congress who have supported our agenda and to tell those who have been on the wrong side of the issues that America's manufacturers and workers expect better from our elected officials.

We encourage NAM members to publicly thank winners of the *NAM Award for Manufacturing Legislative Excellence* (recognized in this publication in **boldface**) for their support of pro-growth, pro-manufacturing policies.

For more information about the *NAM Award for Manufacturing Legislative Excellence*, contact the NAM's Public Affairs Department at (202) 637-3116.
