

September 29, 2016

U.S. House of Representatives  
Washington, DC 20515

Dear Representative:

Congratulations and thank you on behalf of the National Association of Manufacturers (NAM), the nation's largest industrial trade association representing small and large manufacturers and their nearly 12 million workers, for a voting record in the 114th Congress that has earned you the NAM Award for Manufacturing Legislative Excellence.

Manufacturers present the NAM Award for Manufacturing Legislative Excellence to legislators who consistently support policies that enable manufacturers in the United States to create jobs, compete in the global economy and improve living standards for manufacturing workers. Your rating was outstanding on Key Manufacturing Votes, exceeding the 70 percent required for the award.

The attached materials explain the NAM Award in greater detail. Local presentations by NAM members around the country are being planned to honor award winners. You may soon hear from a manufacturing constituent in your district about arranging such an event.

We plan to soon publish your voting record at [www.nam.org](http://www.nam.org) and will share it with our entire membership. Your favorable votes on key manufacturing issues helped advance the effort to make the United States the best place in the world to manufacture and attract foreign investment, expand access to global markets, develop a 21st-century workforce and promote innovation, investment and productivity.

We look forward to working with you and other members of Congress who share our support for manufacturing and the millions of people who make things in America.

Again, thank you and congratulations.

Sincerely,

Michael J. Roman  
Chairman  
Key Vote Advisory Committee  
National Association of Manufacturers

Aric Newhouse  
Senior Vice President  
Policy and Government Relations  
National Association of Manufacturers

U.S. House of Representatives  
Washington, DC 20515

Dear Representative:

The National Association of Manufacturers (NAM), the nation's largest trade association, is the voice of the manufacturing economy and its over 12 million workers spanning every industrial sector across all 50 states. We promote policies that enable manufacturers in the United States to create jobs, compete in the global economy and improve living standards for the millions of those employed by the manufacturing sector. We are committed to working with Congress to achieve these goals as we truly believe that the state of the union is strongest when the manufacturing industry is vibrant and productive.

As you know, the NAM publishes comprehensive vote ratings that are available at [www.nam.org](http://www.nam.org) at the end of each Congress, based on votes selected by manufacturing executives on the NAM's Key Vote Advisory Committee. In addition to making the voting records of all members of Congress known to our entire membership, every Representative who earns a 70 percent or better rating on Key Manufacturing Votes will receive the NAM Award for Manufacturing Legislative Excellence. The NAM Award, which is frequently presented to legislators by manufacturers in their district, recognizes those who have cast votes for policies that spur job creation, reduce excessive production costs, level the playing field, develop a 21st century workforce, revitalize our nation's infrastructure and promote innovation, investment and productivity.

Unfortunately, your voting record fell just shy of the threshold for receiving the NAM Award for Manufacturing Legislative Excellence for the 114th Congress. Still, you voted with manufacturing and for our pro-growth positions more than half of the time, and we want you to know that your votes in support of domestic manufacturing are greatly appreciated.

We stand ready to again discuss pro-growth policies and the importance of manufacturing to our nation, as do our member companies across the country and in your district. Please do not hesitate to contact us if you or your staff have questions.

Sincerely,

Michael J. Roman  
Chairman  
Key Vote Advisory Committee  
National Association of Manufacturers

Aric Newhouse  
Senior Vice President  
Policy and Government Relations  
National Association of Manufacturers
