

September 10, 2015

The United States Congress
United States Capitol
Washington, DC 20510

To the Members of the United States Senate and the United States House of Representatives:

The undersigned organizations, representing millions of individuals, employees, businesses of all sizes, community development organizations and non-profit organizations, urge Congress to act immediately on a seamless, multiyear or permanent extension of the expired and expiring tax provisions, including appropriate enhancements. These tax provisions are critically important to U.S. jobs and the broader economy.

Failure to extend these provisions is a tax increase. It will inject instability and uncertainty into the economy and weaken confidence in the employment marketplace. Acting promptly on this matter will provide important predictability necessary for economic growth.

The expired provisions should be renewed as soon as possible this year. We urge all members of Congress to work together to extend seamlessly on a multiyear basis, and where possible enhance or make permanent, these important tax provisions.

Sincerely,

.decimal, Inc.
