Pennsylvania Benefits from Exports!

Manufactured goods exports are the strongest part of Pennsylvania's economy even though Pennsylvania and other states export only half as much of their production as the world average. America's exports and the related jobs could double if Congress passes strong pro-export legislation.

- **Manufactured exports support 18 percent of Pennsylvania's manufacturing jobs.**
- **Since 2003, Pennsylvania manufacturing exports rose over three and a half times as fast as the state's overall economy.**
- **89 percent of Pennsylvania exporters are small businesses (2009).**
- **Pennsylvania exported \$13.6 billion of manufactured goods to Free Trade Agreement (FTA) partner countries in 2010 – 44 percent of Pennsylvania's total.**
