

November 16, 2010

TO THE MEMBERS OF THE U.S. CONGRESS:

The undersigned represent millions of individuals, businesses, organizations and members of the U.S. Armed Forces. We urge Congress to pass legislation in the lame duck session to extend critical tax provisions that, while temporary in nature, are critical to our economy. It is of the utmost importance to all of us, and to the health of the U.S. economy, that this extension be enacted before the end of the year and apply seamlessly, at least through 2011.

Expiration of many of these provisions has already caused job losses, and the uncertainty around their extension will lead to further dislocations just as the fragile economic recovery is beginning. We all look forward to working with you on this issue in the coming weeks.

Sincerely,

1791 Lex Associates Limited Partnership
