

The NAM Legal Center: The Voice of Manufacturing in the Courts

The NAM Legal Center is the leading voice for manufacturers in the courts. The Legal Center works to rein in regulatory overreach, protect our hard-fought legislative gains and ensure a level playing field for manufacturers. Through direct challenges to regulations and amicus support in key cases in the areas of labor, environment, product liability, corporate governance, intellectual property and international law, the Legal Center provides a vital backstop to the anti-manufacturing regulatory agenda.
